Department of Investment Policy and
Foreign Economic Relations

The Catalogue of Export-Oriented Enterprises of Nizhny Novgorod

2019

Dear ladies and gentlemen!

Nizhny Novgorod is one of the largest scientific and industrial centers of Russia.

Nizhny Novgorod enterprises are leaders in a number of branches on the Russian market, as well as important suppliers for large international companies. Unique developments of our enterprises in shipbuilding, aircraft engineering, radio electronics and nuclear industry have a word-wide fame. The city is a widely recognized center of the domestic automotive industry.

We have a lot of things to be proud of and to offer to Russian and foreign partners. Nizhny Novgorod business is open for mutually beneficial cooperation with all interested parties.

The catalog provides a brief systematic information about Nizhny Novgorod enterprises that export their products. We hope that our catalogue will help companies to find new partners and open trade areas.
